work experience

2019- Present • **Online Dev Instructor**

I've worked with thousands of students in frontend and backend development. My courses include Python/Django projects with React and much more.

2017 - 2019 • **Software Developer** | FOI Laboratories

Designed and developed Laboratory management system. Software provided interface for both lab and customer dashboards to view sample data.

2015 - 2019 • **Digital Marketer** | FOI Laboratories

Managed company website with SEO & google adwords. Throughout my time I built and held top rank for most keywords in industry with national presence.

2014-2017 • **Web Developer** | Unifive Digital

Started a digital agency building websites and marketing for local business. Our team of six managed over 70 clients in our peak.

about me

I build new projects just to tickle my brain and love teaching others how they're made.

While I keep busy teaching courses, I still take interviews in search of a great team & projects that interest me.
